

DRUM CORPS ALUMNI TORONTO - 59 COMSTOCK RD., SCARBOROUGH, ONTARIO M1L 2G6 • JULY / 95

We're having a heat wave, a tropical heat wave... hot enough for ya?... You can fry an egg on the sidewalk... Hot time summer in the city... watch out the UV's will getcha...

### ***Orillia experiences DCAT and vice versa.***

A big thank you to John and Dolly Fox for arranging and hosting the Orillia weekend. Performing at the Legion was a hoot (Who Are they? ...I don't know.), but, by the time we left they knew who we were.

John Fox acted as Master of Ceremonies. We performed well, and were well received, we even did one of our new numbers.

We held the draw for the replica Coke Cooler at the Orillia Legion. The first name drawn was Gord Broadbridge who kindly donated it back so it could be drawn again (more about Gord later). The next name drawn was Jeannie Gordon, she is a bartender at the Legion. She went bananas, running around the room pumping her arm and screaming; it was fun to watch.

The raffle for the Coke Cooler was a successful fund raiser; thanks to Brian and Joanne Hill for donating it.

After the draw we socialized for a while and then started an *après drum corps show style* sing along directed by Don Gill and choreographed by Marg Gill. The Legion members joined in and a good time was had by all.

The DCAT chorus does not just leave a function, it makes a grand exit. Forming up in the middle of the floor to sing "We Sang Our Songs" and "Walking Along" we paraded single file, out of the Legion to finish singing in the parking lot.

Piling into our cars we headed to John and Dolly's for the Barbeque. The weather was a little on the cool side but we were still able to sit outside. What a spread, the food was incredible from starters to salads to steaks and dessert. Desserts were supplied by the "Swolly Jag Man" Ross Eckensviller and his wife.

*Damn we know how to have a good time...*

If you ever drop in on Gord and Doris Broadbridge at their cottage..... and Gord asks if you would like to go for a little ride in his boat (missile), think twice, veryyyyy, scaryyyy kids! I've never gone 60 mph on the water and pulled a 180° turn, I think that we only went around once.

### ***Things not to forget...***

Pool Party at Lois & Terry Nicholls (445-3678), Saturday July 29th, anytime after 12 noon.

DCAT Election of Officers on August 2nd, 1995, 7:30 at the DCAT practice hall, Pringle & Booth, 55 Barber Greene Road, Don Mills Ontario.
